

open the colorful world of Tulpi

TULPI

Everyone knows tulips. They are the jewels among our flowers, a great joy to many of us. They are a great inspiration to many artists and designers, including Dutch designer Marco Manders. While thinking about alternative ideas for modern urban furniture, he was immensely inspired by the tulip. The result: the Tulpi, an urban chair in the shape of a tulip.

closes automatically

TULPI

Open the Tulpi by yourself and it will close itself automatically after use. The Tulpi can rotate around its axis at 360 degrees, which allows the users to choose their own view.

ergonomic sitting

TULPI

The Tulpi has gone through a six year development, concentrating on its design, ergonomic features and engineering process. An independent jury concluded that The Tulpi qualifies richly for the predicate Good Industrial Design and awarded The Tulpi with the special GIO Award for most Original Design. The Tulpi has an ergonomic sitting and supports the lower back.

mobile permanently

TULPI

The Tulpi is available on a stainless steel plate, enabling the user to place the Tulpi where ever wanted, including inside. The Tulpi can also be assembled via the pedestal base on a concrete base.

Measurements

a = 688 mm
b = 990 mm
c = 418 mm
d = 700 mm
e = 1157 mm

quality materials

TULPI

The synthetic material offers a high quality and long durability. It can be used for recycling and produce a minimal amount of waste. Polythene is not affected by bacteria, making the product durable. This thermoplastic, allowing the possibility to be melted down and can be used again for new products. Available in nine colors.

TULPI

Because of his interesting feature, the design prevents the Tulpi from being exposed to outside elements like rain, bird droppings or leaves.

TULPI

The Tulpi is a perfect combination of design, ergonomics and sustainability. The tulip shape immediately creates an atmospheric scenery that will brighten up public spaces like parks...

TULPI

... squares, playgrounds, sports fields, parking spaces, gardens, office areas ...
